## 2 Introduction

This document provides “How to Instructions” for the component “Single Featured Story Breaker.” This can be included on any of the Evolution page templates.

### 2.1 Short Description

Single Featured Story Breaker is a drag and drop component and is available on AEM side kick. This component is used to highlight content and enhance user experience. This is the featured story module and is used as a recirculation module.

#### Feature Overview

- **Eyebrow** – this can be used to include sub-title on the Single Featured Story Breaker
- **Article Title (H2 Tag)** – this can be used to provide Article Title
- **Copy** – this can be used to include additional content on the Featured article
- **CTA Text** – this can be used to include a link to navigate the Users to another destination
- **CTA Link** – this is the CTA link on which link to another page/overlay can be provided
- **Open In** – Option to open CTA link in same page or new page
- **Image** – Recommended Desktop Image Width is 1800 px width -

**Author Note:** This module should ALWAYS be paired with the Recirc or Recirc: 3 Up module placed below it

### Configuration Tab

This Tab will contain the overall component configurations

1. Eyebrow – Text that highlights the copy text below
2. Article Title – Title of the Article
3. Copy – Descriptive text to show to the user
4. CTA Text – text for the link that directs user to a specific CTA
5. CTA Link – Link for CTA
6. Open In – Option for opening in same window or new tab
7. Image – Image on the component

The image shows a web page layout and its configuration window. The web page features a header with the text "Featured Story" and a large image of a man drinking coffee. Below the image is a blue banner with the headline "5000 People will start their Job ever on" and a sub-headline "Here's some advise from People who have had plenty of First days". A "Learn More >" link is positioned at the bottom left of the banner. The configuration window, titled "Single Feature Story Breaker", has two tabs: "Configuration" and "Image". The "Configuration" tab is active and contains the following fields: "Eyebrow\*" (set to "Featured Story"), "Article Title (H2 Tag)\*" (set to "5000 People will start their Job ever on"), "Copy\*" (set to "Here's some advise from People who have had plenty of First days"), "CTA Config" section with "CTA Text\*" (set to "Learn More"), "CTA Link\*" (set to "/content/sites.html"), and "Open In" (set to "Same Page"). A red warning message at the top of the configuration window states: "\*\*\*\*\* Recommended Desktop Image is 1800px width \*\*\*\*\*".

**a** Featured Story

**b** 5000 People will start their Job ever on

**c** Learn More >

**d** Here's some advise from People who have had plenty of First days

**e** \*\*\*\*\* Recommended Desktop Image is 1800px width \*\*\*\*\*
