# 2 Introduction

This document provides "How to Instructions" for the component "Global Footer".

# 2.1 Short Description

Global Footer is an embedded component available in all Evolution Template pages and can be configured via Global Properties

# **Feature Overview**

#### Disclaimer

This section provides option to enable/disable Disclaimer

#### Logo

This section provides option to configure Home page Logo

#### **Country Selector**

This section provides option to configure Country Selector

#### Information

This section provides option to include MetLife contact and content links

# Primary/Secondary Links

This section provides option to include Footer links

# 2.2 AEM Component Data Model
